Wedded Bliss

While destination weddings on a remote island or in an exotic foreign location seem to be de rigueur these days, there is something soothingly simple about staying stateside. For those looking to celebrate their nuptials closer to home, **Luxury Travel Advisor** has singled out three distinctly different, yet equally impressive, properties that will have your clients saying, "I do."

Hawks Cay Resort

For couples looking for a family-friendly destination that is easily accessible yet still off the beaten path, **Hawks Cay Resort** offers the best of all worlds. Located in **Duck Key, FL**, a midpoint Florida Keys destination located less than 90 minutes from **Miami**, this venue gives soon-to-be brides and grooms a casual, carefree environment to exchange their vows. Couples can choose from multiple wedding venues on the property, including a sunset beach ceremony, a sunset lawn ceremony, a gazebo lawn ceremony, a lagoon deck ceremony, and more.

After tying the knot, couples can relax and unwind in either an Island and Water View Penthouse, which boasts amazing views, a large rooftop deck, and a large living area, or an Island and Water View Presidential Suite, which offers a claw foot tub, a private massage table, and a spacious balcony. For wedding guests, there are premium Lanai King Rooms with a walk out deck and poolside service and Premium Junior Suites with a spacious living area that is great for those with children.
