**SPLASH DOWN TO HYATT REGENCY COCONUT POINT RESORT & SPA  
FOR AQUATIC FAMILY FUN**

*Resort offers family-focused fun with new lazy river and waterslides*

**BONITA SPRINGS, FLA. – (January 31, 2017)** – Southwest Florida’s iconic *TripAdvisor* “Hall of Fame” [Hyatt Regency Coconut Point Resort & Spa](#) is making waves in family travel this year with its recently-debuted lazy river and waterslides. From its laid back atmosphere and ideal location to its extensive family-friendly options and interactive activities, the resort caters to the needs of families traveling with children of all ages.

The AAA Four Diamond resort offers a number of outdoor adventures and aquatic activities for families of all ages to enjoy together. The centerpiece of its family-offerings are the three new three-story waterslides and 1,095-foot heated lazy river. Creating one of the largest poolscapes in Florida, the lazy river and waterslides are an extension of the resort’s existing aquatic offerings that include a Waterfall Pool with cool-water cascades, heated Adventure Pool that’s perfect for the little ones, and an adults-only heated pool and hot tub.

"We offer families the sort of vacation that they cannot find anywhere else in Florida," said Brian Kramer, the resort's general manager. "Families come to our resort to escape the daily grind and make lasting memories together, and that's what we've created here with our wide variety of activities and the new lazy river and waterslides."

The family fun also extends beyond the pool area with activities for kids including: a rock climbing wall; life-size Jenga on the lawn; golf lessons and a putting green; volleyball; bocce ball; video arcade; tennis; billiards; and exploring areas of the nature preserve. Kids ages 3 – 12 can enroll in *Camp Coconut* for a full or half day with activities including relay races, arts and crafts, scavenger hunts, kickball, putt-putt, waterslide races and more. The little ones will be enamored as they walk through the easy-access pool footpath, which was recently hand painted to reveal an undersea world including dolphins, whales and other sea life.

Adult guests will have just as much fun splashing around the lazy river and waterslides while also enjoying the plethora of other activities available for the whole family, such as relaxing on the resort's private island beach, playing a game of chess in the Belvedere Room, getting competitive with a game of corn hole on the lawn or hitting a few golf balls at the floating target in the pond. The newly renovated Corkscrew Pool Bar features 5 big screen TV's for those looking to watch the big game while the rest of the family splashes around the lazy river, waterslides and pools. Parents can bring the kids along or venture off while the kids are enjoying themselves at *Camp Coconut* to take advantage of thrilling off-site activities including: boating; kayaking; parasailing; Jet Ski tours; fishing; playing a round of golf; or exploring Everglades National Park. Other activities available nearby include museums, shopping, performing arts theaters, national parks, a zoo and more.
