**FLOAT INTO SUMMER WITH SAVINGS AT  
HYATT REGENCY COCONUT POINT RESORT & SPA**

*Southwest Florida resort's 5<sup>th</sup> night free offer gives guests more time to splash  
around its new lazy river and waterslides*

**BONITA SPRINGS, FLA. – (March 14, 2017)** – With the end of the school year approaching, [Hyatt Regency Coconut Point Resort & Spa](#) is giving travelers something to look forward to – a 5<sup>th</sup> night free this summer. The *TripAdvisor* “Hall of Fame” resort welcomes guests this summer with a 5<sup>th</sup> night free package, giving guests an extra day to enjoy the resort’s brand new aquatic adventure, The Lazy River. A \$7.1 million addition unveiled in November 2016, The Lazy River consists of three waterslides, including two speed slides and a tube slide, as well as a 1,095 ft. heated lazy river.

The quintessential summer vacation destination, Hyatt Regency Coconut Point features one of the largest poolscapes in Florida with five waterslides, four pools, and a lazy river as well as watersports, a private beach, golf, spa, dining, and so much more.

Ideally located on the west coast of Florida between Ft. Myers and Naples, Hyatt Regency Coconut Point is the ultimate destination for vacationers looking to seek refuge from the bustle of Orlando's theme parks. Overlooking the breathtaking Estero Bay Aquatic Preserve, the 26-acre resort features spacious rooms offering sweeping views of the bay and skyline, many from private balconies. The protected land provides families with the opportunity to explore the unspoiled environment and learn about local flora and fauna in the surrounding areas.

Kids ages 3 – 12 can enroll in *Camp Coconut* for a full or half day with activities including relay races, arts and crafts, scavenger hunts, kickball, waterslide races and more. The little ones will be captivated as they walk through the easy-access pool footpath, which was recently hand painted to reveal an undersea world including dolphins, whales and other sea life. Other activities for kids include a rock climbing wall, putting green, video arcade, lawn games and more.

The resort's unique location also offers easy access to some of Florida's most sought-after activities including boating, kayaking, fishing, day cruises, eco tours, sunset and dolphin cruises. All of these excursions can be arranged through the resort's onsite watersports concierge, All Water Excursions. The resort is also conveniently located near Naples, the islands of Sanibel and Captiva, art galleries, museums, the Edison-Ford winter estates and several major shopping malls.
